⚙ SKILLS

Frontend Development:
- React.js, Next.js
- JavaScript (ES6+), HTML5, CSS3
- Tailwind CSS

Backend Development:
- Node.js, Express.js
- RESTful APIs

Database Management:
- MongoDB
- MySQL

Tools & Platforms:
- Git, GitHub
- Docker, Postman
- Visual Studio Code (VS Code)

Libraries & Authentication:
- Formik, Yup
- JWT (JSON Web Tokens), Cloudinary

Soft Skills:
- Teamwork
- Problem Solving
- Communication
- Time Management

👤 PROFESSIONAL SUMMARY

Self-motivated and detail-oriented MERN Stack Developer with hands-on experience in building responsive, scalable full-stack applications. Proficient in React.js, Node.js, MongoDB, and Express.js, with strong skills in UI/UX design, RESTful APIs, and performance optimization. Successfully completed internships and real-world projects, including an AI-powered Final Year Project (FYP). Passionate about solving complex problems, delivering efficient solutions, and aiming to grow into a technical leadership role.

💼 PROFETIONAL EXPERIECE

MERN Stack Intern
IT Solera Pvt. Ltd. – Islamabad (Remote)   12-2024 to 03-2025

- Developed full-stack web apps using MongoDB, Express.js, React.js, and Node.js.
- Integrated machine learning models into the frontend for real-time predictions.
- Created and connected RESTful APIs between frontend and backend.
- Used Tailwind CSS to build responsive and modern UI components.
- Worked on real-world projects in an agile team environment.
- Practiced clean coding standards for both frontend and backend logic.
- Improved performance and user interactivity with optimized code.

Full Stack Intern
Market Brain – Islamabad (Remote)   07-2024 to 09-2024

- Built responsive frontend components using React.js and Tailwind CSS.
- Helped develop backend features using Node.js and Express.js.
- Worked on integrating REST APIs for smooth data communication.
- Tested and debugged features to ensure functionality and performance.
- Assisted senior developers with real client project tasks.
- Learned and applied modern MERN stack development workflows.
- Improved frontend user experience with clean and mobile-friendly layouts.

WORK & PRODUCTIVITY

- Mentorship & Leadership

- Teamwork & Collaboration

- Adaptability in Fast-Paced Environments

- Project Management & Task Prioritization

- Time Management & Deadline Handling

- Attention to Detail & Accuracy

- Documentation & Reporting

- Effective Written & Verbal Communication

- Public Relations & Professional Conduct

- Analytical & Problem-Solving Skills

- Operating Systems and IT Tools Proficiency

LANGUAGE

- English (Fluent)
- Urdu (Fluent)
- Pashto (Native)

PROJECTS

Final Year Project (FYP) Human Activity Detection System for Retail Stores

- **Role:** Full Stack Web Developer

- Built a real-time activity detection system using YOLOv8 and Flask.

- Designed a video monitoring dashboard using Bootstrap and OpenCV.

- Supported webcam, RTSP CCTV streams, and video file uploads.

- Implemented activity overlays, auto-logging, and downloadable reports.

- Optimized for edge devices with privacy-focused performance tuning.

Barber Shop Website – MERN Stack Developer

- Created a full-service booking platform with calendar and admin dashboard.
- Implemented MongoDB-based scheduling, service management, and user roles.
- Designed responsive UI using React.js and Tailwind CSS.
- Trust AML – Crypto Compliance Platform – Full Stack Developer
- Developed an AI-powered system for crypto transaction monitoring and risk scoring.
- Integrated sanctions screening, user onboarding, and dynamic pricing plans.
- Built backend logic using Node.js, with secure data handling and API integration.

EDUCATION

Bachelor in Software Engineering

- Univeristy of M alakand

- September 2021 – September 2025

- CGPA: 3.34 / 4.00
